

## Pup Joint

### General

CCSC pup joint is designed to be compatible with FMC Chicksan pup joints based on technology imported from FMC pup joints. To ensure the quality, our pup joints are forged by the high quality alloy steel. All processes including forging, machine, and heat treatment are strictly controlled and full trackable in according with API 6A, API 16c and Q1, as well as NACE-MR-01-75 (sour gas service), full packages of MTR can be sent with consignment upon client's request. Integral Pup Joints are available in sizes ranging from 1" to 4" and can handle up to 15,000 psi for either standard service or sour gas service.

### Available Spec.

Service	:Oil, Gas, H2S Service
Size	: 1", 1 1/2" , 2" , 3" , 4" , 6"
End Connection	Weco Hammer Union, Flange, Thread
Working Pressure	:2000 - 15,000PSI

### Features

- Integral pup joints made from one forged raw pipe
- Flanged end is also available for high pressure pipeline
- ACME thread is adopted in Weco wing union

### **INSPECTION, QUALITY CERTIFICATE AND AFTER-SALE SERVICE**

#### Inspection

We adopt factory inspection and on-site inspection. If the product passes on-site inspection, it will enter warranty period. The inspection conforms to the protocol signed by the two parties and product manufacturing standard. Any kind of third party inspection is acceptable.

#### Quality Certificate

- 1) All the equipment are manufactured according to ISO9001 and API standard
- 2) Warranty period is 18 months after receiving the goods or 12 months after operation. If there are quality problems within warranty period, the supplier is responsible for solving problems in time at any time.
- 3) If failure and potential safety hazard appear during operation because of designing defect, the supplier will improve the equipment for free.
- 4) We will provide complete high quality technical document and brochure of the whole equipment in

English.

**Documentations**

- 1) Traceability Documents: (Including Raw Material Test Certificate, NDT Report, Pressure Test Report, etc.)
- 2) General Assembly Drawing
